OUR TREASURED HERITAGE

by Dr. Gideon Zimmerman, NABC
Executive Secretary, 1968-1979.

Every North American Baptist has the privilege to know "from whence we came." The volume, **HERITAGE AND MINISTRY OF THE NORTH AMERICAN BAPTIST CONFERENCE** was written by Dr. Frank H. Woyke, who served as Executive Secretary from 1946-1968. He had also been a professor at our NAB Seminary.

Writing the book was a seven year project. Mrs. Beatrice Woyke, who was fluent in the German language, gave immeasurable help through reading many volumes of German publications and making suggestions regarding certain events that were especially historic.

In his preface Dr. Woyke states: "I tried to tell the story of the Conference as it really happened. I avoided the temptation to picture all of our forefathers as spiritual giants whose achievements consisted only of one glorious victory after another. To be sure there were giants in those days, and there were important victories; but there were also problems, struggles, controversies, failures - - and even a few scandals."

The handwritten manuscript was typed by Mrs. Eleanor Zimmerman; the editing was done by Dr. Bruno Schrieber, under the direction of Dr. Reinhold Kerstan, chairman of the project. All persons involved donated their services as a "labor of love". Mr. and Mrs. Ed Russell, Sr. of Grosse Pointe Woods, Michigan provided a major gift toward expenses. When the book was published in 1979, a copy was sent to each NAB church. A limited number of copies are still available from the NAB Conference office.

The Conference dates its beginning to 1843 when Fleischmann Baptist Church of Philadelphia, PA. was founded.

Several waves of immigrants arrived in the late 1800's from eastern Europe and the

Ukraine. Again in the early 1900's many came from Europe who were fleeing persecution and political unrest. They depended upon God to help them start life anew in a strange land. They established their homes and churches. Numerical growth at times was curtailed because their ministry was confined to the German language. Today there are only a few NAB churches having German Services.

The Conference has expanded its ministry to Spanish-American; Chinese; Romanian; and Korean. Thus a new day of cross-cultural ministry has expanded in this country. Our overseas mission continues to include Cameroon, Africa; Japan; South America and Philippines. A new day of mission expansion has become a reality in both North America as well as other foreign countries. The NAB Seminary in Sioux Falls, S.D.; the NAB College and Edmonton Baptist Seminary both in Edmonton, Alberta, Canada have likewise experienced much growth in recent years.

In earlier years women were unable to be active in full participation in NAB Conference Boards and Committees. We note that since 1946 their involvement has been greatly accelerated. Women are presently representatives on board, the General Council and committees. They have had a major role in raising funds; provided literally tons of White Cross supplies to mission hospitals, and have shared leadership in local churches, associations and the Conference. Through continued united efforts the NAB Conference has numerous opportunities to enlarge present ministries for Christ.

The vital role of the NAB Historical Commission with offices on the campus of the NAB Seminary in Sioux Falls, S.D.

continues to preserve valuable historical materials which describe the on going ministry of North American Baptists. The Commission deserves our continued generous support financially; in sending to them old pictures and artifacts and in prayer.

Note: Gideon and his wife Eleanor who are members of our Heritage Commission no reside in Louisville, Kentucky.

REJOICE! WE FOUND THE PROOF!

RUSSE BULGARIA CHURCH

Dr. Herman Effa

Thirty years ago, the communist party in Russe Bulgaria confiscated the Baptist Church building and converted it into an atheist club. The Bibles and hymn books were burned, organ removed and any religious signs were removed.

When the communist wall fell and religious liberty began to breathe a little, the leaders of the Baptist church in Russe went to City Hall and asked for their church building to be returned to them. The present leadership at City Hall simply acted ignorant or may actually not have remembered the confiscation. Their response was, 'what building?' and 'prove it was yours.' Proof was virtually impossible locally. An appeal was made to North American Baptists for help since our Conference had helped in the erection of the church when Rev. Fuelbrandt was a missionary in the region.

A search of our N A B Archives at the Seminary in Sioux Falls uncovered an issue of "Der Sendbote" that carried an article about the church with a picture of it. It was sufficient evidence to force City Hall to open their records. The books revealed that on the day of the confiscation, the communist boss had written a note to the extent that 'on this day, we confiscated the Baptist

Church building for our Atheist Club. Never again will it serve a religious purpose.'

When they read that note, the building was returned to our Baptist brethren within days. You can imagine the emotion of the moment when the believers who for years had prayed for their church building to be returned, stood with clasped hands in that sanctuary and rededicated it to God. We were grateful to God once again, that we had archives to turn to.
